Petition to Withdraw Holding of Abandonment under 37 C.F.R. §1.181(a)

Mail Stop: Petition

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Notice of Abandonment mailed May 14, 2004, Applicants request that the holding of abandonment in the above-identified application be withdrawn.

The Notice of Abandonment ("Notice") appears to be in error. The Notice indicates that the application was abandoned for failure to timely pay the required issue fee and publication fee within the statutory period of three months from the mailing date of the Notice. The Patent Application Information Retrieval (PAIR) website indicates that a Notice of Allowance was mailed on December 23, 2003 and that a "Miscellaneous Communications to Application - No Action Count" occurred on March 19, 2004.

Applicants did not receive the Notice of Allowance or any other communication indicating that the application had been allowed.

The attachment to the Notice of Abandonment ("Attachment") indicates that where an applicant contends that the original Notice of Allowance and Fee(s) Due was never received, if adequately supported, the Office may grant a petition to withdraw the notice of abandonment and remail the Office Action. The Attachment further indicates that the showing required to establish non-receipt of an Office communication must include a statement from the practitioner stating that the Office Communication was not received and attesting to the fact that a search of the file jacket and docket records indicates that the Office Communication was not received. The Attachment further states that a copy of the docket record for the present application where the non-received Office Communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Attachment A to this petition provides the practitioner statement that is required.

Attachment B provides a redacted copy of the docket record for all correspondence received from the USPTO for the entire firm for a two month period from December 22, 2003 (one day prior to the alleged date of mailing of the Notice of Allowance) through February 24, 2004. The Firm's docket record provides the following information. On a daily basis for each correspondence received, the Firm's docket record shows the responsible attorney, the client matter number, the application serial number and type of action received (e.g., Issue Notification, Recorded Assignment, etc.). The redacted copy of the docket record shows the responsible attorney and client matter number for each day.

The redacted copy shows that no USPTO correspondence was received from the USPTO for the client matter number 1875.0330001, which is the client matter number of the present case. The other information was redacted as it contains confidential

information not germane to the matter in question. Prior to redaction, the docket record was reviewed to confirm that no correspondence was received for 1875.0330001. Additionally, the review included reviewing the application serial number column to confirm that no correspondence was received for application number 10/020,208, which is the application number of the present application. This step was taken to ensure that there was not a docketing error associating the application number with a different client matter number.

In further support of this petition, Attachment C provides a copy of our matter docket record that identifies all correspondence with the USPTO in the present matter from the date of first filing to the date of this petition. A review of the matter docket record further shows that no record of a Notice of Allowance or other related communication from the USPTO for this case was received.

Applicants therefore request that the Notice of Abandonment be withdrawn and the original Notice of Allowance and Fee(s) Due Office Communication be remailed.

Prompt and favorable consideration of this Petition is requested.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.

ATTACHMENT A: Practitioner Statement

I, the undersigned, state that I am the practitioner responsible for prosecuting U.S. Patent Application Number 10/020,208, filed December 18, 2001.

I state that a Notice of Allowance or other communication indicating that the referenced case had been allowed was not received in the referenced application and attest to the fact that a search of the file jacket and docket records indicates that the Notice of Allowance or other communication was not received.

I further state that copies of the firm docket record and matter docket record where the non-received Notice of Allowance would have been entered had it been received and docketed showing that the Notice of Allowance was not received are attached as Attachments B and C to this petition.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001.

A handwritten signature in black ink that reads "Michael D. Specht".

Re: U.S. Utility Patent Application
Appl. No. 10/020,208; Filed: December 18, 2001
For: **System and Method to Screen Defect Related Reliability**
Inventors: Bhattacharya *et al.*
Our Ref: 1875.0330001

Sir:

The following documents are being submitted under 37 C.F.R. § 1.53(c) herewith for appropriate action by the U.S. Patent and Trademark Office:

1. Petition to Withdraw Holding of Abandonment under 37 C.F.R. § 1.181(a); and
2. One (1) return postcard.

It is respectfully requested that the attached postcard be stamped with the filing date of these documents and returned to our courier.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
